Myall River & Natural Channel

We had a great turnout of members to this public meeting. (See photo below). The report was well presented and raised some interesting facts that were clearly demonstrated for all to see. A range of possible solutions to the sand movement in the area were proposed and the final solutions and decisions would be left to the local community. The Council distanced itself from any monetary commitment. From our club's viewpoint the report did not offer any solution to the reduced navigability of the river. Thank-you to all those that attended in our club shirts. Our large representation was noted by the organisers.

As the only executive office bearing person present was our Treasurer Sandra we did not have an official meeting. As a result there was some visits by members to other boats. One boat was visited where the First Mate was busy preparing a salad for the night. Ever the good hostess, the first mate requested that the skipper boil some water for drinks. Something went a little wrong as the skipper lost quite a deal of hair from his forearm. (Boiling water training for skipper required). Not to be outdone the First Mate managed to test the ability of a cup to hold coffee when inverted. Oh Dear. Never mind Sandra, we all have one of those days.

18 adults attended the Fish and Chip night held aboard Tom Gong. Unfortunately Tim, off Wobbygong, was suffering from a dreaded lurgi and decided that in the interest of us all he would stay on his own boat and not spread the bug further. (Thanks for your thoughtfulness Tim hope it went away). That left Daphne to sadly have a Tim Free Night. Ann, Bob, Chris, Mac & Linda handled the cooking of the fish and chips – beautiful! The fish, Myall Lakes Mullet, was supplied by a local fisherman, Mr Bobby Dee, and was voted excellent even by those that had never tasted mullet before. As an extra part of the evening, Bob & Chris' son Phillip and daughter Rochelle celebrated their

joint birth-date (not twins). A balmy pleasant evening with most of us back on our own boats before the rain came.

Happy Boating
