## Club Update from the Committee

In this extraordinary year of struggles and uncertainty, we hope this Bulletin finds our members safe and well.

Myall Lakes Aquatic Club management committee met for the first time this week since COVID-19 lockdown and social distancing rules were enforced.

### 50<sup>th</sup> Anniversary Celebrations

It was a difficult decision to postpone the 50<sup>th</sup> anniversary celebrations planned for March this year but, in hindsight, we feel that the right decision was made as the coronavirus pandemic continued to threaten lives around the world.

Rest assured that this important event in the history of Myall Lakes boating will be rescheduled as soon as the authorities announce that it is safe to do so.

We will keep you posted.

*Independence, our ever-dependable effluent pumping facility, has continued its great service to those few people lucky enough to manage an escape to those pristine waters.*

### Myall Lakes are sure looking pretty this time of year

We hope that you have been able to use your boats occasionally in the absence of our regular outings.

A sunny, calm, winter's day on the water can be absolute magic at this time of year.

PLEASE REMEMBER TO . . .

### Keep up with routine boat maintenance

Essential boat maintenance goes beyond a visual inspection - a routine maintenance schedule should be followed, not only for you and your family's personal safety, but also for the longevity and value of your boat.

### Future events

The popular spit roast event at Korsman's is on the calendar for Saturday, 26 September.

Fingers are crossed that the current coronavirus battle will be at a stage where it is considered safe to hold this event - so, save the date and we will confirm closer to the time.

Due to continued uncertainty, we are unable to confirm any events or details regarding the Club's future events, including our Annual General Meeting or Christmas party.

We will continue to put health and safety first and are looking forward to the time when we can resume sharing boating, fun and friendship on our beautiful waterways.
