## March Outing (Johnson's)

It was very soon after our last event but six boats and their crews made it to the Master's Games. We had some iffy weather to start with but the promised blow just did not happen, although the Independence did drag her anchor a bit before settling into the mud.

We had some new games this year and some interesting challenges along the way. We learnt to play a Swedish game called "Finska" which Joe & Christine excelled at.

Our next challenge had the men checking out their balls to everyone's great amusement. The ladies thinking they were missing out decided to also have a go. I don't know if we ever figured out a suitable name for this hilarious new game. Congratulations to Kevin and Sandra for collecting the most balls.

The ladies style was somewhat different to the men!

Our last challenge was the gumboot throwing. With only a narrow course, it was easy to get a few fouls but there was some really good throwing in there too. Congratulations to Terry closely followed by Christine.

All this exertion soon led to happy hour and a tallying of the scores which left Joe and Christine leaders, with Alan & Ann and Mac and Linda slugging it out for second and third during happy hour. Several hotly contested "Urban Myths" later and Alan & Ann took our second place in the 2015 Masters Games.

Don't forget our accountants who obligingly made sure our books were balanced for your accounting needs.

So, we are going to try out the **Tea Gardens Country Club**. There's a motel attached and even four caravan sites available 😊😊😊

## Commodore's Comments:

- ✓ Our emergency water tank situated at Sheddon's Landing at Tamboy sustained only minor damage from a recent fire in the area. The anti-mozzie/rubbish net was just a melted mess thus allowing a lot of black soot and debris into the tank. Marg and I cut away a lot of debris, drained the tank, cleaned the gutters and fashioned a temporary net to keep the rain water clean until a more permanent repair is carried out.
- ✓ On the subject of Tamboy Emergency wharf, Ken Lathem, along with the building committee will visit the wharf in the near future. Hopefully we will come up with an affordable way of repairing this facility.
- ✓ In the meantime stay safe and I hope to see you at our next outing at Shelly's,
- ✓ ps. This is what we come to the lakes for. Thanks Jeanette.

**Happy and Safe Boating**  
**See you up the lakes**
